Program Description

Explore the United Kingdom with your camera while living in a castle! This program is a five week intensive studio course that explores the diverse natural and cultural landscapes of Northumberland, England and southern Scotland. Made famous by the Harry Potter films, Alnwick Castle is our home base and creative hub. Students study photography and tailor it to their degree program as a major course requirement, an LEP goal area, or as the elective of a lifetime. Daily excursions from the castle are enhanced by technical instruction, studio sessions, critiques of work in progress, and presentations.
